TOPIC:

I. CALL TO ORDER

DISCUSSION: A quorum of the Board was present.

ACTION: At 5:35 p.m. J. DEVITA, President, called the March 19, 2013, meeting of the Board of Registration in Pharmacy to order.

TOPIC:

II. APPROVAL OF AGENDA

DISCUSSION: Board members reviewed the tentative agenda. J. DEVITA proposed to add to the Flex Session a discussion concerning selection of a delegate to the annual NABP conference and a request from a Massachusetts College of Pharmacy student.

ACTION: Motion by A. YOUNG, seconded by E. TAGLIERI, and voted unanimously to approve the agenda with changes (addition of discussion on NABP delegate and Massachusetts College of Pharmacy student request).

TOPIC:

IV. APPLICATIONS

A. Applications for Renovation or Expansion

1. **Walmart 10-2157**, 506 State Road, North Dartmouth (DS2734)

DISCUSSION: M. CITTADINO presented the store's application for renovation or expansion. She noted that the application did not involve any unusual issues.

ACTION: Motion by K. RYLE, seconded by J. TRIFONE, and voted unanimously to approve the application.

TOPIC:

TOPIC:

IV. APPLICATIONS

A. Applications for Renovation or Expansion

4. **Pallimed Solutions, Inc.**, 400 West Cummings Park, Woburn (DS3498)

DISCUSSION: At the proposal of J. DEVITA, discussion on this application was conducted at the same time as the file review of complaints pending against this licensee. M. CITTADINO presented the pharmacy's application for renovation or expansion. She noted that Pallimed proposed to take over additional space and renovate their clean room.

ACTION: Motion by J. DEVITA, seconded by K. RYLE, and voted unanimously to conditionally approve expansion of space and clean room renovation provided that such expansion and renovation complies with an approved plan of correction

prepared in response to recent inspections and pending matters.

TOPIC:

IV. APPLICATIONS

B. Applications for Relocation

1. **Wal-Mart 10-1984**, 1415 Curran Memorial Highway, North Adams

DISCUSSION: M. CITTADINO presented the store's application for relocation and noted that the application did not involve any unusual issues.

ACTION: Motion by J. TRIFONE, seconded by K. RYLE, and voted unanimously to approve the application.

TOPIC:

IV. APPLICATIONS

C. Applications for a New Store

1. **Pharmahealth Specialty Pharmacy**, 25 Armory Street, Boston

DISCUSSION: Jennifer Torrey and Paul Garbarini appeared for a reconsideration of their Application for a New Store and answered Board member's questions concerning ownership, corporate structure of the pharmacy and its relationship with Pharmahealth pharmacies in other locations. The proposed pharmacy will be located within the AIDS Community Action Center and serving the specific needs of this patient group. H. ENGMAN presented documentation provided by the applicant's attorney since February 5, 2013 which demonstrated overlaps in ownership between this applicant and a separate PharmaHealth pharmacy at New Bedford. She further advised the Board members that pursuant to 247 CMR 6.01(6) the Board may approve an application for licensure if the Board determines that doing so is in the best interest of the public health, welfare and safety; conversely, the Board may deny applications that it determines are inconsistent with those interests per M.G.L. ch. 112, § 39. S. PENTA and C. LATHUM advised the Board with regard to their correspondence, interactions and observations relating to the inspection of the PharmaHealth pharmacy at New Bedford. Board members expressed concern about the unresolved complaint in relation to their New Bedford location, and the overlap between the proposed pharmacy's management and owners and that of its New Bedford location.

ACTION: Motion by J. DEVITA, seconded by P. GANNON, and unanimously passed to take the application under advisement until the Board reviews the pending Pharmahealth complaints.

TOPIC:

IV. APPLICATIONS

C. Applications for a New Store

2. **Medical Essentials**, 39 Haverhill Street, Methuen

DISCUSSION: Peter Edgerly and Edwin Ngaruiya (Manager of Record) appeared for a reconsideration of their Application for a New Store and answered Board member's questions concerning the proposed operations and ability to comply with Board regulations. They represented that the proposed pharmacy would operate as a mail order pharmacy (if waiver is approved), and would specialize in individuals residing out of state receiving worker's compensation, primarily in New York and Pennsylvania. The applicants noted that they intend to work with local visiting nurse groups and veterinarians in addition to focusing on injured workers. Board members

expressed concerns about the applicant's ability to monitor patient prescription history for abuse given the absence of a Prescription Monitoring Program that would encompass all the states where proposed consumers would reside. Board members also had concerns about the applicant's understanding of limitation on filling CII prescriptions by prescribers from non-contiguous states. Board members further expressed concern that the proposed Manager of Record has no experience in this type of pharmacy operation.

ACTION: Motion by E. TAGLIERI, seconded by J. TRIFONE, to deny the application. Motion passed with votes in favor by J. FRANKE, P. GANNON, K. RYLE, E. TAGLIERI, J. TRIFONE and A. YOUNG, and J. DEVITA opposed.

TOPIC:

IV. APPLICATIONS

C. Applications for a New Store

3. **CarePro**, 1167 North Main Street, Randolph

RECUSAL: J. TRIFONE exited the room prior to commencement of the discussion of this matter and returned following the vote.

DISCUSSION: Son Dinh appeared before the Board to present his application to open a new community pharmacy in Randolph, and he answered the Board member's questions about the business plan, security measures, and Manager of Record. He represented that the pharmacy would offer delivery, basic compounding and an after hour pharmacy services. There was no proposed Manager of Record at present but the applicant will hire one subsequent to the Board's decision.

ACTION: Motion by E. TAGLIERI, seconded by P. GANNON, and voted unanimously to conditionally approve the application pending an inspection that demonstrates compliance with Board regulations.

C. Applications for a New Store

4. **Randolph Pharmacy**, 1187 North Main Street, Randolph

RECUSAL: J. TRIFONE exited the room prior to commencement of the discussion of this matter and returned following the vote.

DISCUSSION: Tiffany Nguyen and Triet Ngo (Manager of Record) appeared before the Board to present his application to open a new community pharmacy in Randolph, and he answered the Board member's questions about the business plan, security measures, and Manager of Record. Applicants represented that they intended to focus their business on the elderly and the Vietnamese-speaking community. Manager of Record noted that he has previous experience as a manager of record and would leave his current position if the application was approved. Board members noted that there were no waivers required.

ACTION: Motion by K. RYLE, seconded by A. YOUNG, and voted unanimously to conditionally approve the application pending an inspection that demonstrates compliance with Board regulations.

TOPIC:

IV. APPLICATIONS

C. Applications for a New Store

5. South Cove Community Health Center (340B), 435 Hancock Street, Quincy

RECUSAL: J. TRIFONE exited the room prior to commencement of the discussion of this matter and returned following the vote.

DISCUSSION: Raymond Yu (Manager of Record) appeared before the Board to present a 340B application for a new pharmacy. Manager of Record represented that they would only be operating as a 340B clinic for South Cove Community Health Center. Board members discussed whether it would be more appropriate for applicant to submit a clinic application rather than a community store application as they would only be serving patients of the Center.

ACTION: Motion by J. DEVITA, seconded by E. TAGLIERI, and voted unanimously to defer action on this application until the applicant determines whether a retail license is desired after submitting and obtaining approval for a clinic license via DPH plan review.

TOPIC:

X. FILE REVIEW

1. **Pallimed Solutions, Inc.** DS3498, PHA-2011-0286

DISCUSSION: C. LATHUM presented her investigation report. Pallimed Solutions filled, compounded and dispensed a prescription for HCG which allegedly caused a patient to have a high-grade fever on three (3) occasions. The patient also alleges to not have received a prescription from the physician and was unable to use the patient's "regular pharmacy." The compounded product is commercially available generally but may not have been available at the time in which it was compounded. The Board noted that the prescription filled was a form that included the licensee's legend at the top, and that it was a pre-populated form that listed commercially available products. The Board requested further information about the lot in which this vial of HCG was produced, including the lot size, the number of patients who received from this lot, whether any other patients reported a reaction, the dates and duration of known manufacturer shortages for HCG during the corresponding time period and sterility testing.

ACTION: Motion by K. RYLE, seconded by A. YOUNG, and voted unanimously to hold an investigatory conference under M.G.L. c. 112, § 65C and to request the presence of both James Nahill and Justin McDowell.

3. **Pallimed Solutions, Inc.** DS3498, PHA-2012-0045

6. **M. Costanzo**, PH233143, PHA-2012-0170

7. **M. Costanzo**, PH233143, PHA-2012-0167

8. **J. Nahill**, PH21521, PHA-2012-0171

DISCUSSION: These five (5) complaints arise out of the same facts and were discussed jointly. C. LATHUM presented her investigation report. Pallimed filled, compounded and dispensed lidocaine 18% instead of the prescribed lidocaine 2% to a 60-year-old and an 82-year-old patient, necessitating a hospital admission for each patient. Investigation revealed that a mistake was made in the formula and that there was no validation process in place. The Board requested further information concerning the number of vials in the

lot, and documentation from the physician's office with respect to the number dispensed and then subsequently retrieved. The Board members expressed concern at a photograph which appeared to show that the vial lacked patient specific labeling; Board requested further information about whether there was external packaging that may have included a label.

ACTION: Motion by K. RYLE, seconded by A. YOUNG, and voted unanimously to approve holding an investigatory conference under M.G.L. c. 112, § 65C.

X. FILE REVIEW

4. **Pallimed Solutions, Inc.** DS3498, PHA-2012-0237

DISCUSSION: C. LATHUM presented her investigation report. Pfizer alleges that Pallimed is compounding sildenafil (Viagra) 50 mg and 100 mg tablets by obtaining sildenafil citrate from an unapproved source of active pharmaceutical ingredient. Pallimed staff signed documentation provided by the sildenafil source, which indicated that it was for veterinary use only. Upon investigation, it was observed that the sildenafil obtained by Pallimed was being used to compound both human and veterinary prescriptions. The investigation revealed that Pallimed was providing prescribers pre-populated prescription forms with the company legend.

ACTION: Motion by K. RYLE, seconded by A. YOUNG, and voted unanimously to approve holding an investigatory conference under M.G.L. c. 112, § 65C.

9. **C. Rizzo**, PH19665, PHA-2013-0001

DISCUSSION: V. BERG presented the matter to the Board. On October 5, 2012, Respondent's pharmacist license in Rhode Island was summarily suspended; and later, on January 30, 2013, the Respondent entered into a Consent Agreement with the Rhode Island Board of Pharmacy to surrender his license for a minimum of three years based on observations by Rhode Island inspectors, including but not limited to, the pharmacy where the Respondent served as Pharmacist in Charge accepted returned controlled substances from end users, held and distributed adulterated and/or misbranded drugs, permitted pharmacy technicians to perform final verification, and failed to report drug losses. The Board contacted the Respondent after it was notified that his license to practice as a pharmacist in Rhode Island had been suspended for an indefinite period of time pending further order. The Respondent has not responded to the complaint against him.

ACTION: Motion by J. DEVITA, seconded by J. TRIFONE, and voted unanimously to refer this complaint for prosecution with authorization to enter into a consent agreement for voluntary surrender for an indefinite period, with requirements for reinstatement to include restoration of the Respondent's Rhode Island license to good standing and compliance with the Board's reinstatement policy.
